Consider getting a medical alert system that can easily call for help if you are immobilised in an emergency. Most alert systems require a working phone line, so have a back-up plan, such as a mobile phone or pager, in case landlines are disrupted.

## Current medications

Write down below any medication you are currently taking.

Remember to attach copies of concession cards, health insurance cards and prescriptions to this plan. You may also want to identify where you keep the medication in your home in case you have to evacuate quickly or someone needs to get it for you.

Please take my insulin from the refrigerator”, “My service animal may legally remain with me”.
